

11th International Conference on Multiple Comparison Procedures

第十一屆多重比較程序國際學術研討會

MCP 2019, Taipei

Conference dates: December 13th ~ December 15th, 2019

Pre-conference workshops: December 12th, 2019

Co-organized in partnership with the

Master Program in Statistics & Statistics Education Center of National Taiwan University

Conference Venue: Liberal Education Building, National Taiwan University

Topics:

The conference will cover the latest methodological and applied developments in the areas of simultaneous and selective inference: testing, confidence intervals, estimation, adaptive designs and statistical modeling, under a variety of error-rates to be controlled. The conference will be supplemented by pre-conference short courses.

• Keynote Speakers

- Helmut Finner, German Diabetes Center, Germany
- Ajit Tamhane, Northwestern University, USA

Abstract Submission: There will be invited and contributed presentation sessions. **Open date: March 1st, 2019.**
